

Wikipedia: List of current United States Senators

The United States Senate consists of 100 members, two from each of the 50 states.

Below is a list of U.S. senators in the 116th United States Congress.

53 Republicans + 45 Democratic Senators + 2 Independents = 100

Vice President Mike Pence preside over the Senate as President of the Senate

(Note: Independents usually vote with the Democrats)
